

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

سُبْحَانَ رَبِّكَ رَبِّ الْعِزَّةِ عَمَّا يَصِفُونَ وَسَلَامٌ عَلَى الْمُرْسَلِينَ  
وَالْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ

**In the name of Allah, Most Gracious, Most Merciful**

**180-Glorified be your Lord, the Lord of Honor and Power! (He is free) from what they ascribe (to Him)!**

**181-And Peace be on the messengers!**

**182-And all the Praise and thanks be to Allah, the Lord and Cherishers of the worlds**

(QURAN: SURAT AS-SAFAT , Verse 180)

Transportation & Logistics

## BRIEF INTRODUCTION

- PIBT is being setup as the Country's first terminal operating company for handling Coal, Clinker and Cement on build, operate and transfer (BOT) basis at Port Qasim Authority.

# BRIEF INTRODUCTION

- Port Qasim handles more than 40% of Pakistan's cargo
- Investment cost of USD 250 million

## BRIEF INTRODUCTION

- PIBT will build capacity for handling upto 12m tons of Coal and 4 million tons of Cement & Clinker per year, which can together be further enhanced upto 20 million tons per year.
- PIBT will be an integral part of the coal supply chain to the Power and Cement plants in Pakistan.

## WHY US ?

- STATE-OF-THE-ART dirty bulk terminal
- Mechanized Bulk Cargo handling
- Working on Best Global Standards
- Pollution Control Environment build upon World Bank standards

## TERMINAL STORAGE FACILITIES

- Coal: upto 1 million tons of Coal Storage at any given time
- Cement: 5 cement silos of 10,000 tons each. 50000 tons at any given time
- Clinker: upto 200,000 tons of Clinker storage capacity at any given time

# STORAGE AREA

## LOGISTIC SOLUTIONS

- PIBT is being setup for efficient handling and delivering coal to the Power Plants and cement plants by utilizing the rail, road and sea networks.
- PIBT will also provide common user state-of-the-art cement and clinker bulk export facilities to the existing cement plants in Pakistan.

## GREEN OPERATIONS

- The Pakistan International Bulk Terminal will also be the first handling facility to comply with the World Bank's Standards of environment pollution control and ensure a pollution free environment at Port Qasim.
- Continuous Water sprinkling system shall be installed from jetty head to storage yard to minimize coal dust emission.
- Pollution control will also be achieved by installing wind fence around the coal stacking area.

## CORPORATE SOCIAL RESPONSIBILITY

- PIBT is taking a step towards fulfilling its corporate social and environmental responsibility by partnering with the International Union for Conservation of Nature (“IUCN”) for the conservation and plantation of coastal mangroves.
- PIBT realises the importance of mangroves forest and is contributing towards greening and protecting the coasts by planting mangroves over 1200 acres at the Port Qasim area
